

Co-funded by the
Erasmus+ Programme
of the European Union

Université Côte d'Azur (UCA) is a multi-disciplinary university.

UCA is part of the Project T.E.S.T. because in recent years they have designed many educational resources, they have many materials to provide a more customised training course for their students, and experience with higher education access diploma for people who are not available to enter to university.

The Project T.E.S.T. provides them with new skills and will improve the way they teach and learn.

The team for the Project T.E.S.T. consists professors from Institute of Technology, Prof. J-Christophe Boisse, Prof. Michel Gautero and Prof. Sothy Srey, and is highly supported by the Centre of Europe and its Regions of UCA headed by Dr. Virginie Oddo, Dr. Blanca Martin and Dr. Sara Sidaoui.
