University for
Continuing
Education Krems

University for Continuing Education Krems (UWK) is the leading public university for continuing education in Europe, specializing in improving the qualifications of working professionals. The Department for Continuing Education and Educational Technology Research contributes to the design and evaluation of technology-enhanced learning environments and the design of training tools.

UWK/Department for Continuing Education Research and Educational Technologies participates in the Project T.E.S.T. because of its experience and interest in individualized and adaptive learning and teaching from both a methodological and technical perspective.

The staff involved in the Project T.E.S.T. consists of Prof. Stefan Oppl, MSc. Nilay Aral and Dr. Susanne Lippl.
